HP DesignJet T830 36" MFP

Service & Support

Your machine is covered by HP's standard on site hardware warranty for 2 years from purchase.

If you have purchased an extended warranty this will be shown on your VAT invoice. We will register this warranty for you and send you a certificate via email.

Should you experience an issue with your machine and you wish to seek technical help please call us on the number below initially and we will be able to help you resolve the problem swiftly.

GDS | Graphic Design Supplies Ltd

01625 613548

HP Support Line

0207 949 0416

When calling HP you will require your **Serial Number** which can be found on the back of the machine in the format **CN99E9M99H**. If you are unsure GDS can help with this serial number. It's a voice activated system so you will first be asked if you know your shortcut to avoid the full menu. You will then be asked for your model.

Say "**designjet**" as your shortcut to bypass the full menu

Say "**tee eight thirty**" for the model

That should get you straight through to a support technician who will be able to answer your query, log on remotely if need be and then arrange a call out if the machine is ever at fault.

GDS—Passionate about wide format
